AMENDMENTS TO THE CLAIMS:

The listing of claims will replace all prior versions, and listings of claims in the application:

LISTING OF THE CLAIMS

- 1. (Currently Amended) A method for creating a temporary service plan for a subscriber of a wireless service provider when the subscriber currently has a normal service plan with the wireless service provider, the method including the steps<u>of</u>:
 - a) receiving a request to create the temporary service plan from a user;
 - b) retrieving the subscriber's normal service plan from a subscriber database;
 - c) providing a change selection menu to the user in response to the request;
- d) modifying the normal service plan in conjunction with one or more user selections associated with the change selection menu to create the temporary service plan; and
 - e) storing the temporary service plan in the subscriber database.
- 2. (Original) The method as set forth in claim 1, before step a), further including:
 - f) receiving a request for service plan status from the user; and between steps b) and c), further including:
 - g) reporting the normal service plan to the user.
- 3. (Original) The method as set forth in claim 1 wherein the user is communicating using a mobile station associated with the subscriber's normal service plan.
- 4. (Original) The method as set forth in claim 1, further including: verifying the user has authority associated with the subscriber to create the temporary service plan.
- 5. (Original) The method as set forth in claim 1 wherein the request from the user is via a call to the wireless service provider from a telephone device.
- 6. (Original) The method as set forth in claim 5 wherein the change selection

menu provided to the user includes an interactive audio portion.

- 7. (Original) The method as set forth in claim 5 wherein the change selection menu provided to the user includes an interactive graphical display portion.
- 8. (Original) The method as set forth in claim 1 wherein the change selection menu provided to the user includes a portion for selection between a nationwide plan and a local plan.
- 9. (Original) The method as set forth in claim 1 wherein the change selection menu provided to the user includes a portion for selection of a quantity of airtime associated with a predetermined period of calendar time.
- 10. (Original) The method as set forth in claim 1 wherein the change selection menu provided to the user includes a portion for selection of a date for expiration of the temporary service plan.
- 11. (Currently Amended) A method for modifying a service plan for a subscriber of a wireless service provider, the method including the steps of:
- a) receiving a call from a user requesting status of the service plan, wherein the call is initiated by the user via a telephone device;
 - b) retrieving the service plan from a subscriber database;
 - c) reporting the service plan to the user in response to the status request;
- d) receiving a request to modify the service plan from the user via the telephone device;
- e) verifying the user has authority associated with the subscriber to modify the service plan;
- f) providing a change selection menu to the user in response to the modification request;
- g) modifying the service plan in conjunction with one or more user selections associated with the change selection menu; and
 - h) storing the modified service plan in the subscriber database.
- 12. (Original) The method as set forth in claim 11 wherein the telephone device is

a mobile station associated with the subscriber's service plan.

- 13. (Original) The method as set forth in claim 11 wherein the change selection menu provided to the user includes an interactive audio portion.
- 14. (Original) The method as set forth in claim 11 wherein the change selection menu provided to the user includes an interactive graphical display portion.
- 15. (Original) The method as set forth in claim 11 wherein the change selection menu provided to the user includes a portion for selection between a nationwide plan and a local plan.
- 16. (Original) The method as set forth in claim 11 wherein the change selection menu provided to the user includes a portion for selection of a quantity of airtime associated with a predetermined period of calendar time.
- 17. (Original) The method as set forth in claim 11 wherein the change selection menu provided to the user includes a portion for selection of a date for extension and expiration of the service plan.
- 18. (Currently Amended) A method for processing a call from a mobile station in a wireless network when the call is associated with a subscriber having a normal service plan with a wireless service provider associated with the wireless network, the method including the steps of:
 - a) receiving the call from the mobile station;
- b) determining if the subscriber has a temporary service plan that is in effect with the wireless service provider; and
- c) if a temporary service plan is in effect, continuing to process the call and determining charges for the call according to the temporary service plan.
- 19. (Original) The method as set forth in claim 18, further including:
- d) if a temporary service plan is not in effect, determining if the subscriber had a temporary service plan that recently expired; and
 - e) if a temporary service plan recently expired, sending a message to the mobile

station informing the user that a temporary service plan has recently expired, continuing to process the call, and determining charges for the call according to the normal service plan.

- 20. (Original) The method as set forth in claim 19, further including:
- d) if a temporary service plan has not recently expired, continuing to process the call and determining charges for the call according to the normal service plan.
- 21. (New) A method for providing service plan flexibility to a wireless service subscriber the method comprising:

establishing a normal service plan having a normal plan start date and a normal plan end date;

establishing a temporary service plan;

associating a temporary plan start time or date with the temporary service plan; associating a temporary plan expiration time and/or date with the temporary service plan, wherein the temporary plan start time or date and expiration time or date are between the normal plan start and end dates;

billing calls according to the temporary service plan if a current time is within a range associated with the temporary plan start time and/or date and the temporary plan expiration time and/or date; and

billing calls according to the normal plan if the current time is outside the range associated with the temporary plan start time and/or date and the temporary plan expiration time and/or date.
